DISTRICT COURT

Please take into consideration this investigative
Case Recently From the MCAD - Massachusetts
Commission Against Discrimination.

I would like for you to evaluate this
Case and Break down some of the
wording For you, to Investigate

the mistakes from the previous investigation
from the MCAD - Stop and Shop.

This would be in my favor I believe
and that Common Sense is the
key to a conclusion of any case

my Perspective on this is that
I have a good shot even though
I Resigned not quit Not Fired.

We will evaluate the cause of Resignation.
My Resignation is a Forced to quit
by the employer without being told
to quit by the employer.

Thank you

Christine
